Location: Timisoara, Romania (available for relocation)

ABOUT ME

I'm an ambitious SQL Developer & Technical Data Analyst with a Master's in Computer Science. Proficient in Python and SQL for data-driven problem-solving, I take ownership of technical solutions and data insights for projects, from conceptualisation through implementation. I'm recognised for strategic and creative thinking, with a passion for driving digital innovation within international teams.

EDUCATION

Master's in Computer Science

University of Twente

Enschede, Netherlands

2022-2025

Relevant Courses: Software Engineering Techniques, Software Management, Data Science, NLP, Requirement Elicitation, Machine Learning, Exploratory Data Analysis.

Bachelor's in Computer Science

West University of Timisoara

Timisoara, Romania

2019-2022

Erasmus+ Semester – Bachelor of Game and Apps Development

IADe Creative University

Lisbon, Portugal

2020-2021

Relevant Courses: Collaborative Learning, Agile Management for Multiplatform Projects.

Focus: Developed an ecosystem of a Windows Game connected to a mobile app in Android using an SQL Database in an international team.

WORK EXPERIENCE

ING Nederland B.V.

AI Engineer Intern

Amsterdam, Netherlands

Apr 2024 – Nov 2024

- Developed an AI model to help reduce over-calculations in the credit risk budget of ING as a POC in an international cross-functional team.
- Performed robust Exploratory Data Analysis (EDA) using **Python** and **SQL** for future deployment readiness, while learning to write **high-quality complex queries**.
- Developed 2 Deep and Machine Learning models (Autoencoders, Isolation Forest) with the SciPy library.
- Enhanced the credit risk data quality process, reducing the manual effort by **99%** from several days to less than 1 minute. **The POC has been implemented inside ING after its completion.**

Victory Square Partners

Android Developer Intern

Timisoara, Romania

Jul 2021 – Sept 2021

- Learnt Professional Industry Practices in an **Agile Scrum** Mobile Development Team using GIT, as part of a summer internship.
- Implemented **Firestore Analytics** for data-driven feature optimisation and decision-making.
- Improved UI/UX across 50% of the app's key screens, enhancing user satisfaction and engagement.
- Contributing to scalable mobile application development by understanding the MVVM architecture.

REMARKABLE PROJECTS

Improving Code Review in Financial Institutions

Enschede, Netherlands

Process Automation Analyst

Sept 2023 – Feb 2024

- Developed a POC for ING to reduce the time spent on the Code Review process (execution time under 1 minute).
- Facilitated **stakeholder collaboration** to define the project scope and gathered functional requirements via survey creation, identifying key bottlenecks in the existing manual code review process.
- Designed an **Azure DevOps CI/CD** pipeline and managed task tracking to ensure transparency and workflow optimisation in a 4-person team.

Business Intelligence & Data Visualization Project

Enschede, Netherlands

Academic Project (University of Twente)

Feb 2023 – Apr 2023

- Applied the **Balanced Scorecard (BSC)** framework to formulate business questions and derive actionable recommendations (e.g., optimising supply chain in Japan).
- Designed a Star Schema (Snowflake) and executed **ETL processes** using **Python and SQL** to prepare data for analysis, aligning with **Data Warehousing principles**.
- Developed interactive dashboards using **Matplotlib** and **Plotly**, visualising KPIs like Profit Margin and Regional Sales to drive strategic decisions.

SKILLS

Technical Skills: Data Analysis, Machine Learning (LLMs, Anomaly Detection), Python, SQL. **Tools:** Azure DevOps (Boards, Pipelines), GIT, Firebase, High proficiency in Microsoft Excel, Word, and PowerPoint, Requirements Analysis & Prioritisation (MoSCoW), Process Modelling (BPMN 2.0), Workshop Facilitation.

Soft Skills & Leadership: Stakeholder Management, Conflict Resolution, Team Mediation, Communication, Critical Thinking, Attention to Detail, and Task Management.

Language Skills: English (CAE Cambridge Certificated), Romanian (Mother tongue), Dutch (Elementary)

EXTRA-CURRICULARS

Local Tour Guide: Running and managing my own tours. Developed people management skills, and learnt to manage conflicts with an average of 5/5 stars on the platform GuruWalk.

Sports: Developed **leadership skills** as a captain of the football 7v7 team (2023) and the volleyball mix team at my University (2024).

Erasmus+ Projects: Participated in “Play for Change”, and “Empowering Youth Trainers through Non-Formal Education”, improving my communication, leadership and reflection skills.
